Regatta is an exceptional ground-floor duplex in La Reserva de Sierra Blanca, one of Marbella's most exclusive gated communities. Inspired by the iconic yacht The Gentleman by Picchiotti, the residence brings the precision, craftsmanship and understated sophistication of bespoke yacht design into a private home. Developed by Matterhorn Estates, the project has been conceived as a complete design statement, combining architecture, interiors and technology with panoramic Mediterranean views and the privacy of one of Sierra Blanca's most established addresses.
