Villa Serenia is a four-bedroom villa in El Campanario that focuses on clean contemporary design, natural light, and seamless indoor-outdoor living. Set on a 648 m2 plot with 403 m2 built, it offers a private pool, rooftop solarium, landscaped terraces, and a two-car garage. The main living area opens fully to the exterior through floor-to-ceiling glass, creating a continuous space connected to the garden and terraces. Natural materials, warm tones, and a functional open-plan kitchen define the interior, designed for comfort and everyday use rather than display. All bedrooms are en-suite, with the principal suite offering elevated views, a refined bathroom, and a generous dressing area. Additional lounge spaces on the lower level provide flexibility for entertainment or family living. Located in El Campanario, close to Marbella, Puerto Banús, Estepona, golf courses, beaches, and schools, Villa Serenia combines modern architecture with practicality and a well-connected lifestyle.
